\$457 Billion

Global IoT market by
2020 - Gartner

Innovation at Work: Real IoT Use Cases

IoT Enables a Digital Feedback Loop

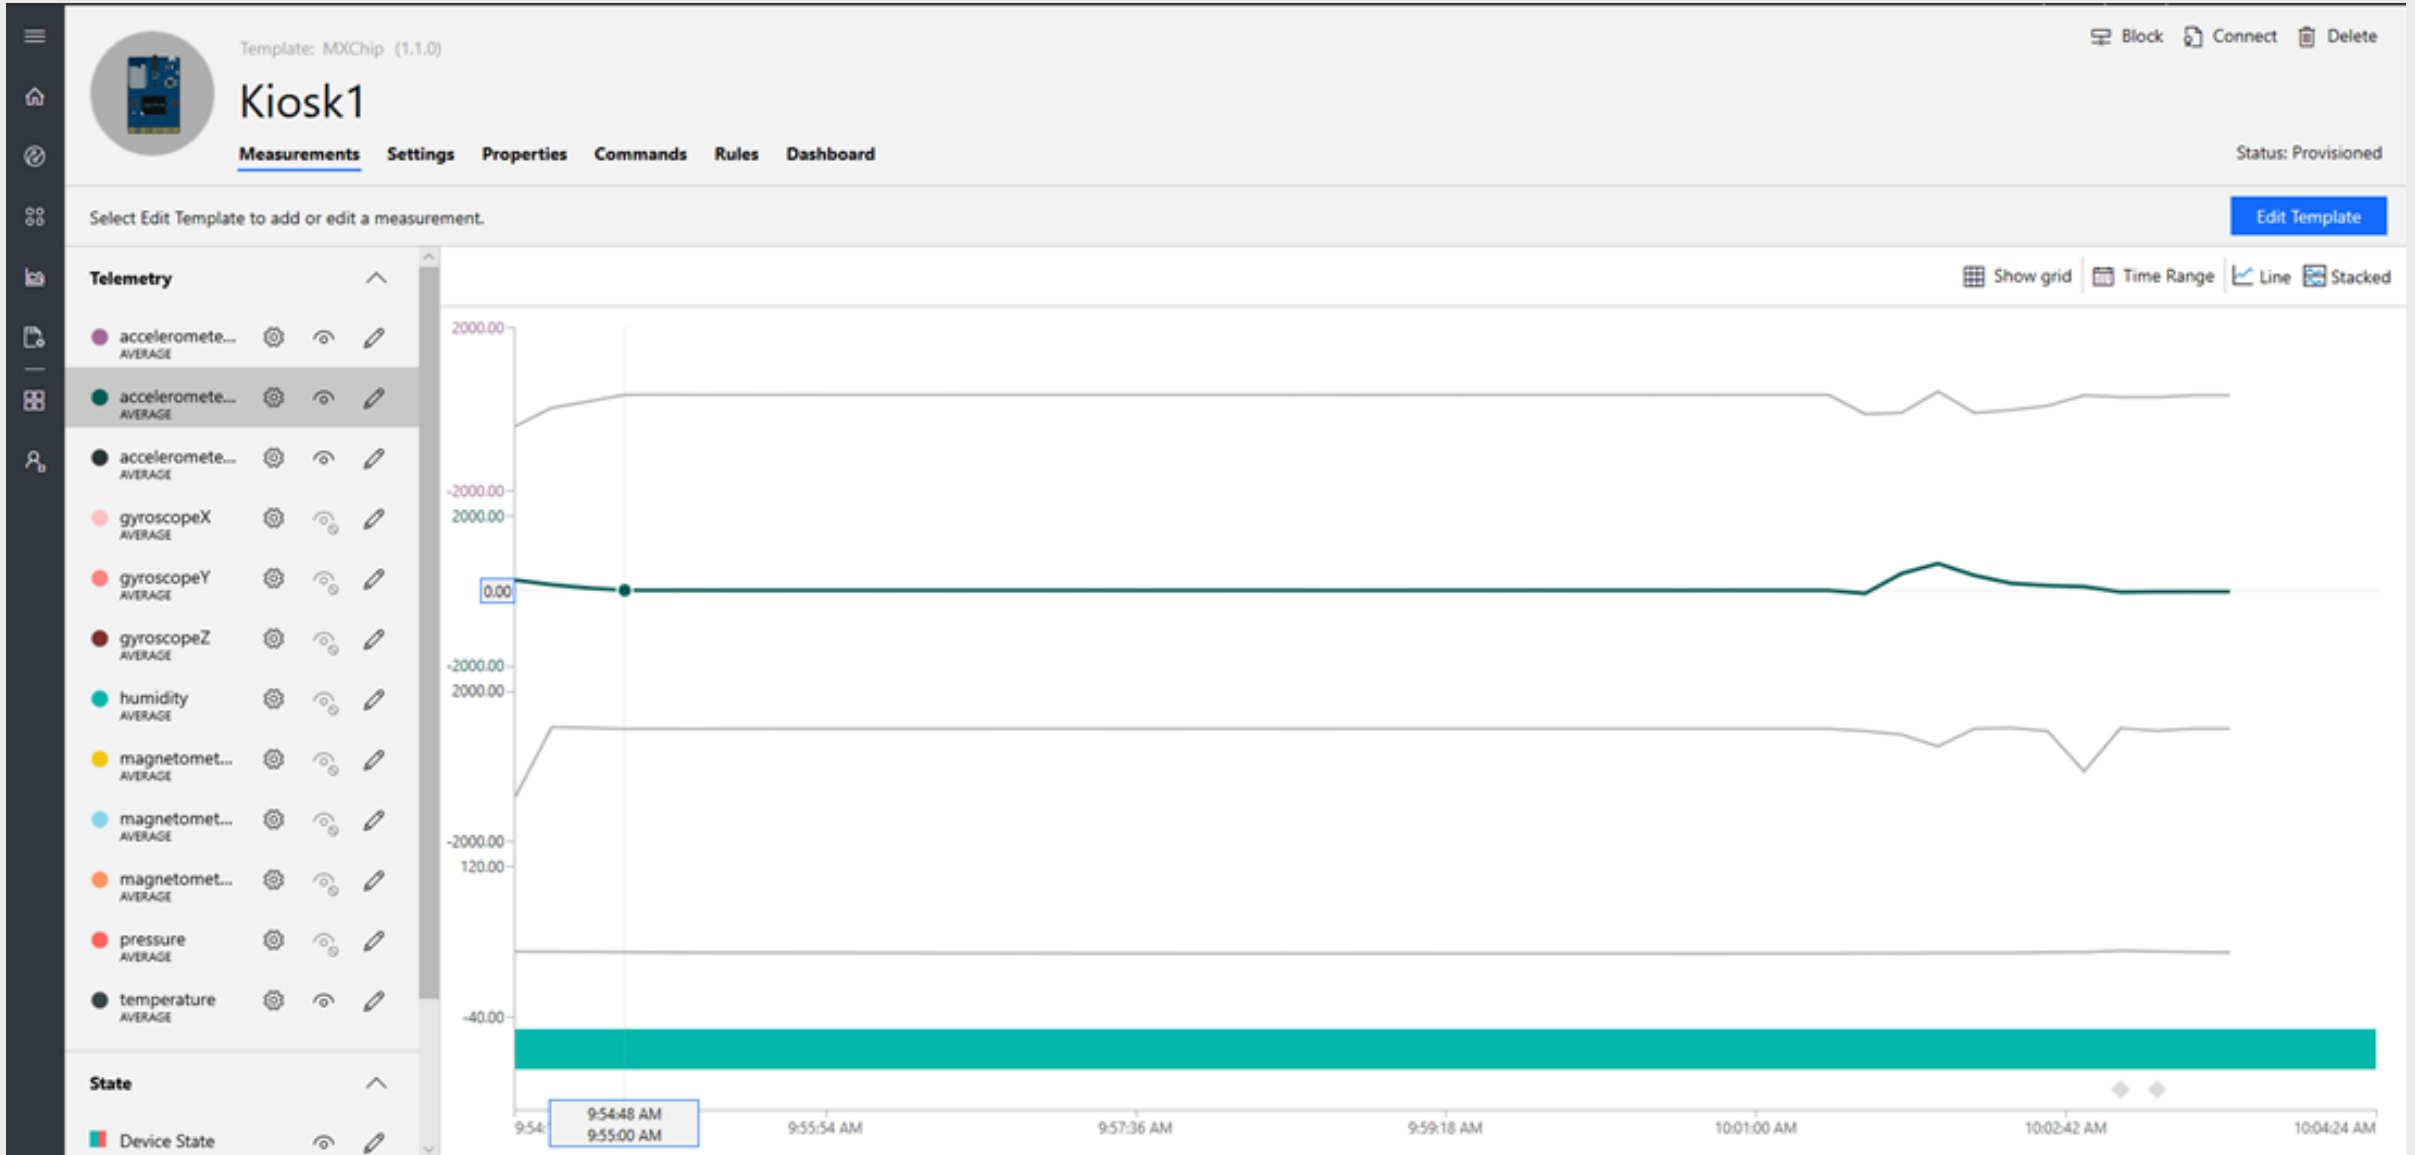

Microsoft is simplifying IoT

Microsoft is simplifying IoT

- Easier to build secure, scalable solutions from device to cloud
- Easier to provision devices at scale
- Easier to secure devices at scale
- Easier to manage devices at scale
- Easier to find insights from your IoT devices
- Easier to run cloud services on devices
- Easier to benefit from IoT
